

WAYNE STATE School of Medicine

The SURE Experience 2023: Apply Now

- If you are an undergraduate science student who wants to further explore biomedical research, the SURE Program is for you!
- Outstanding faculty mentors from departments/programs across the School of Medicine oversee research in diverse areas of cell, molecular and systems biology.
- The program provides students with a dynamic view into multiple career paths available in the field.
- Students will present their work in a research forum at the conclusion of the summer program.

Summer Undergraduate Research Experience (SURE)

- SURE is a 10-12 week program with a flexible starting date
- Stipends of \$2,500 are available (no housing allowance is provided)
- Students and mentors are matched based on previous experience and shared interests
- Application deadline: **March 17, 2023**
- Summer research experiences are available in:
 - Anatomy
 - Biochemistry and Molecular Biology
 - Cancer Biology
 - Immunology and Microbiology
 - Molecular Genetics and Genomics
 - Pathology
 - Pharmacology
 - Physiology
 - Translational Neuroscience
 - Medical Physics

Qualifications

- **Applicants must be sophomores, juniors, or seniors and US citizens.** Applications are comprehensively evaluated. Slots are extremely limited, so please apply early.

Wayne State University School of Medicine

Wayne State University is classified a “University of very high research activity” by the Carnegie Foundation in recognition of its broad range of baccalaureate programs, commitment to graduate education, and strong research emphasis. The mission of the Wayne State University School of Medicine is to educate a diverse student body in an urban setting within a culture of inclusion through high-quality education, clinical excellence, pioneering research, local investment in our community, and innovative technology to prepare physicians and biomedical scientific leaders to achieve health and wellness of our society.
